“REHABILITATION-2024” CAMPAIGN WILL BE IMPLEMENTED IN COOPERATION WITH ECOLOGICAL POLICE DEPARTMENT

The Minister of Environment and Tourism N.Urtnasan met with the representatives of the Ecological Police Department on February 26, 2021. During the meeting, they discussed and exchanged views on cooperation in the field of environmental protection, sustainable use of natural resources and rehabilitation, ecological education of citizens, and persistent delivery of information on eco-friendly living. The Government of Mongolia has included in its 2020-2024 action plan to rehabilitate 8,000 hectares of land damaged by mining operations and abandoned for many years. Currently, more than 30,000 hectares of land in Mongolia needs to be rehabilitated, and the Ministry of Environment and Tourism, in cooperation with

the Ecological Police Department, is preparing to organize the “Rehabilitation 2024” campaign this year. The Ministry of Environment and Tourism and the Ecological Police jointly launched major advocacy campaigns in 2020 under the “Nature First” project, such as “Let’s love forests”, “Let’s love blue gold - water”, “Let’s go clean” and “Let’s reduce environmental pollution”. The campaigns reached more than 44 million people by repeated count.

ГИДРОЭКОНОМИК ШИНЖИЛГЭЭ

The World Bank's 2030 Water Resources Group presented a report on hydro-economic analysis of water supply and demand in the South Gobi mining and heavy industry zone of Mongolia, conducted by a request of the Ministry of Mining and Heavy Industry. The report was reviewed and approved by the Multilateral Participation Platform Board of the 2030 Water Resources Group in Mongolia. The report is the next phase of a hydro-economic analysis conducted by the 2030 Water Resources Group in 2016 and is part of Mongolia's long-term development policy, Vision 2050. The report can be downloaded from the following link.
